### Introduction

Penrhiw Nursery is a registered day Nursery to care for up to 75 children, from 0-12 years. We have been established since November 2006 with the Nursery situated in the village of Oakdale that has been a designated conservation area since 2011. We are within walking distance of the local library, bakery, chemist, shops, café, recreational grounds and parks.

Penrhiw Nursery is registered with the CIW, Caerphilly County Borough Council and ESTYN.

At Penrhiw Nursery we provide a high quality, caring and enriching environment for babies and young children. One that fosters a love of learning, awareness of self and others and a sense of accomplishment built on a child's natural curiosity. Our environment facilitates the development of children in all areas of learning. We encourage children to have fun and grow in a happy stimulating environment. Penrhiw Nursery is an English-speaking Nursery that introduces Welsh throughout the day via incidental conversations, instructions, songs, counting and rhymes.

We aim to provide a high quality, affordable childcare facility with friendly skilled professionals, familiar with children and local families. Children are encouraged to develop their ideas, creativity and imagination. We provide an attractive, well-resourced setting where children can learn and play, feeling safe and secure. We value all parents and carers as primary educators and develop strong relationships with them and the wider community. Staff at the Nursery are positive role models that help all babies and young children achieve their full potential. Penrhiw Nursery has established an excellent reputation in the area and will continue to develop and expand.

We welcome all children and can meet children's individual needs. We have kitchen and toilet facilities, sleep and rest areas, storage and safe secure outdoor areas. Risk assessments are carried out daily by senior staff where all records are kept in each play room. Penrhiw Nursery carries out fire drills to ensure all staff and children are aware of the fire evacuation procedure.

Penrhiw Nursery is covered by public liability and employer's liability insurance, the certificates are displayed in the reception area.

The Nursery is arranged into three separate areas of care. The baby room (1st floor) caters for children aged 0-2. The Toddler rooms cater for children aged 2-3 and the Pre-School room caters for children aged 3+. (Ground Floor)

## Complaints Procedure

At our setting we would like to avoid any complaints and discuss at local level with person's concerned. If a complaint occurs, we respond, report and resolve the complaint as quickly and effectively as possible for our service users. This can be done verbally or in writing. The nursery manager will be happy to arrange a meeting to discuss any concerns or complaints.

The CIW are notified of concerns or complaints but are not a complaint investigation agency. Parents can contact CIW if they are not satisfied in respect of a complaint.

The CIW and the parents are informed of any changes to our Statement of Purpose. The nursery manager and responsible individual will review the document annually or because of a change in operational practice. We ensure that the CIW are informed 28 days prior (if possible) before any changes are made.

## Emergencies

If an emergency arises within the Nursery (Fire, Uncollected or Lost child), our specific emergency policies and procedures will be applied

We ask parents to provide and ensure that all contact details are updated regularly so that in the event of an emergency are easily contactable. Staff will always contact the parents first, however if there is no response staff will telephone the next emergency contact on the admission forms. If this fails staff will follow the child protection and arrival/collection policies and procedures.
